

Clean, smarter logistics.

FERCAM

Austria

Mission.

“ Logistics & Transport: In one word... FERCAM

We offer a variety of logistic services including all of the extras that allow our customers to keep concentrating on their main business.

By providing a fast, efficient service basing itself on the highest technological standards available, we decisively contribute to our partner's success.

We encourage our staff by enhancing their professional skills. Our utmost concern lies in a guarantee of protection and growth of social well-being.

By paying particular attention to a gentle and responsible handling of the resources, we actively contribute to an ecologically sound environment.”

Our Employees.

Information Technology Experts

„State-of-the-art IT systems and software. Fast, intelligent solutions. Our young, close-knit team can provide all this and more.”

Driver

„It’s always been my dream to become a truck driver. Living life on the road and the responsibility of shipping the goods are what make this job unique.“

Office worker

„This job never gets boring. You have to stay totally focused on your task. We’re asked to help out, provide support and make a real contribution to the company. It’s the perfect place to broaden my personal and professional horizons.”

Salesperson

„What’s my day like? Pure adrenalin! The direct contact with the customer, the thrill of negotiating and the satisfaction of closing a deal have no comparison. This job is made for me.“

Customer Service

„Providing support to our customers means being able to listen and realising that sometimes you can be wrong. Every customer is different and needs personalised support. Whenever a FERCAM customer is happy, then so am I. That’s the great thing about my job.“

Quality and Service

FERCAM Austria offers high quality and reliable service through:

- ✓ Constant control of vehicle fleet, that comprises of over 2000 partners and 15.000 carriers
- ✓ Meticulous choice of partners and annual audits
- ✓ Qualified and multilingual employees at our client's disposal
- ✓ Best credit ratings obtained by Coface, Creditreform, etc.
- ✓ The ISO 9001 Certificate and ISO 45001

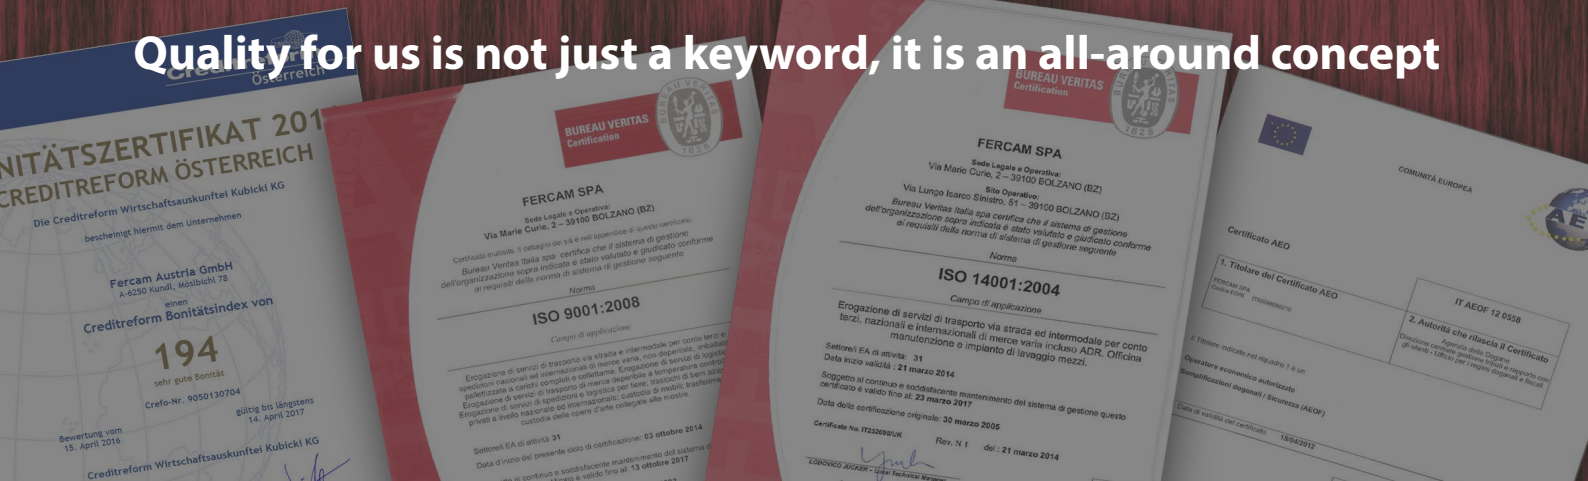

2018
Fercam Austria is awarded with
the Hermes Business prize

2016
Fercam Austria is awarded with
the ALC prize

Quality for us is not just a keyword, it is an all-around concept

Quality and Environment

FERCAM has always considered the protection of the environment as part of its DNA and puts this into practice through:

- ☑ Certified environmental management programme (ISO 14001)
- ☑ Permanently upgrading company's fleet, with LNG and Euro 6 vehicles
- ☑ Use of alternative fuels and their active management
- ☑ Reduction of the CO2 consumption thanks to intermodal transports by up to 70% in comparison to road transports.
- ☑ Environmental Report for sustainable development, safeguard of the environment and the best use of the available energy resources

By tradition quality and environmentally conscious

Direct End-to-End Management.

FERCAM is a 360 degree logistics company: we think end-to-end should mean handling the flow of goods with our own assets to guarantee the highest security for your goods, providing unbeatable quality and non-stop service.

Own fleet

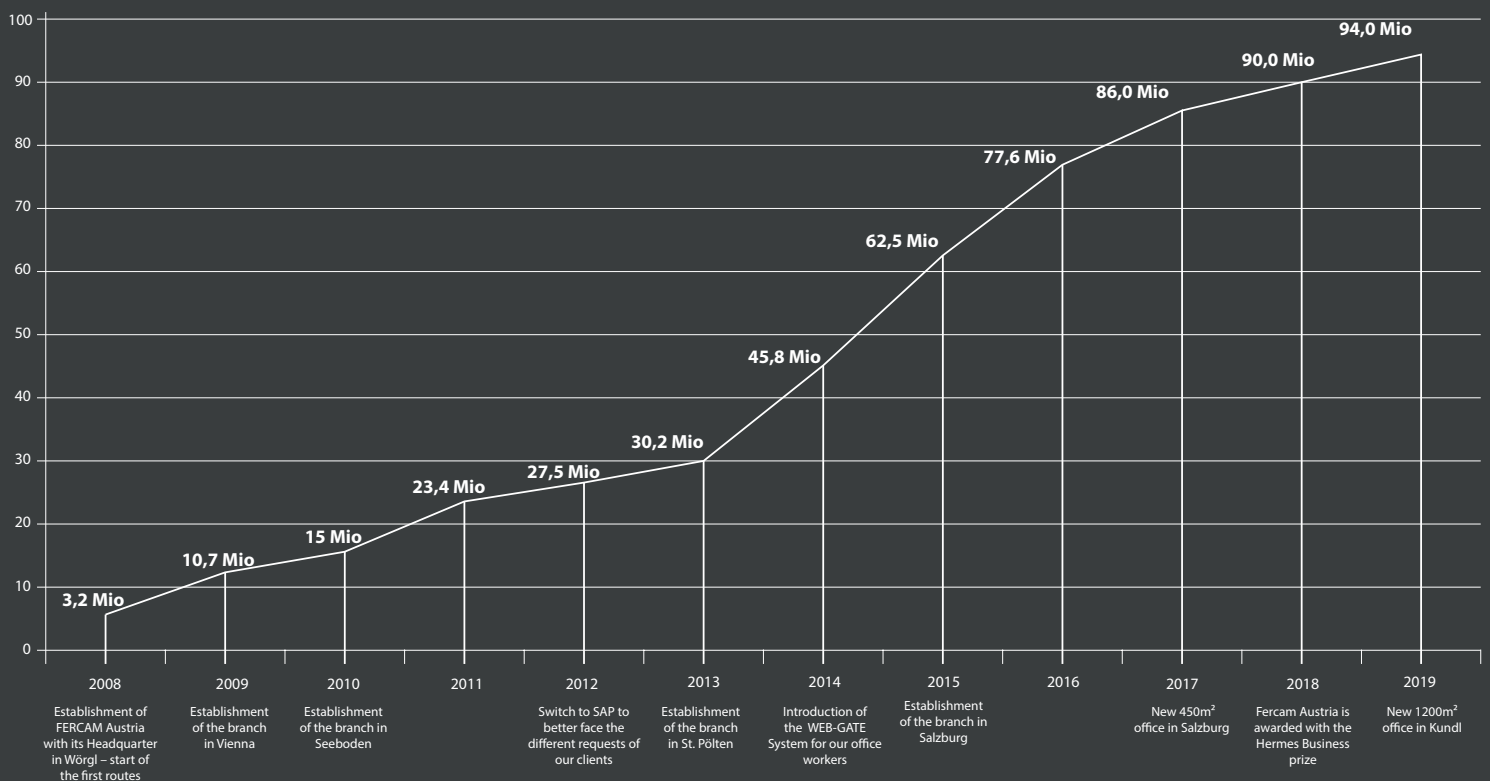

- 3,350 loading units
- LNG and Euro 6 vehicles

Internal Customer Service

FERCAM employees are at your disposal to respond to all your questions in real time and support you to solve any potential problem.

International Transport

Thanks to a wide network of branches, FERCAM covers the entire European territory. Our international transports offer a customised service of on-road transports. Quality, reliability, and on-time deliveries are guaranteed. Thanks to our extensive fleet of vehicles, both company owned and qualified partners distributed all over Europe, FERCAM is able to offer load capacity and availability of vehicles all year round.

Solution for every need

FERCAM offers efficient solutions for specific industry sectors, such as the automotive. In collaboration with the Logistics division, we also offer transport re-engineering to optimize the entire supply chain of our customers. The safety of transported goods is guaranteed, thanks to a wide range of insurance products offered by FERCAM: All Risk, CMR.
