## RESEARCH INTEREST AND PROJECTS

Project Name	Title	Responsibilities
OTKA FK-143064	Risks, efficiency and development in global and national production networks	Exposure to trade disruption is examined through a product network approach: the economic consequences of the Russian-Ukrainian conflict.
TKP2021-NKTA-19	Increasing the role of domestic companies in the re-industrialisation of the national economy	First of all, the role of university-industry research collaborations and knowledge spillover between and within regions will be investigated using network analysis tools. On the other hand, the dual economic structure of the Hungarian economy will be investigated and measured using network analysis tools.

---
